

R.V.PARK NEWS FLASH

NOVEMBER 3rd 2011

We do have water in Waterloo Region, and will be sharing it with our 2012 RV Park guests .

With careful consideration, the executive members of the 2012 Waterloo Region IPM Committee have unanimously decided to install water services to our 2012 IPM R.V. Park . The executive committee members who attended IPM 2011 witnessed an effective and practical water installation and plan to build on the learning from Prescott and Russell.

Come and enjoy our hospitality ,wash that dust off your feet every evening, and head over to check out the fun in the entertainment tent.

Feel free to spread the word to your fellow R.V.'ers.
