100 YEARS STRONG

By Cathy Lasby, Executive Director Ontario Plowmen's Association

The Ontario Plowmen's Association, in conjunction with the local committee, are proud to be welcoming you to the 2013 International Plowing Match and Rural Expo (IPM) — it's something they have been doing for the past 100 years!!! We are honoured that you are celebrating this historic milestone with us.

A group of forward-thinking, dedicated and determined gentlemen formed the Ontario Plowmen's Association in 1911. Their goal was to advance agriculture and saw the art of plowing as the primary cultivation method to achieve this goal. While centred in Ontario, they saw the leadership they could provide to global agriculture.

After two years of intense planning, the first International Plowing Match was held in 1913 on Sunnybrook Farm in what is now downtown Toronto. It was a resounding success and provided the motivation to make this an annual event. It began as a chance for farmers to put their plowing skills to the test as they competed with other farmers throughout the province. The foundation of the event was built on plowing, agriculture and food. "From Furrow to Food" could have been their slogan back in 1913—back when the local food movement was just a normal way of life.

Early records and photos show the Horse Plowing Competition with outstanding draft horse teams and gentleman in their dress suit, white shirt and tie and "Sunday" hat competing for top honours at this most prestigious event. Over the years, the Plowing Competition has expanded to include horses, conventional plows, antique plows and the modern reversible plows. Today, our competitors continue to be the best in the world. They dominate the Canadian Plowing Competition Championships and always represent us well when competing at the World Ploughing Competition.

Be sure to see the silver tea service that is on display in the "Bringing History Alive Tent": It was won by the late Charles Clubine at the very first International Plowing Match. It is such an honour to have his son, Charles Clubine Jr. in attendance with us this year for our Centennial celebrations.

The visionaries of the Ontario Plowmen's Association saw the many benefits of moving the event from County to County. As a result, hundreds of Communities throughout Ontario have benefited from their participation in this unique event. No matter where one travels, families and communities share lasting memories of the IPM. Churches, Service Clubs, Charities, 4-H, Junior Farmers and Community groups all have a story to share about reaching their goals by working at the International Plowing Matches. Literally millions of people have been touched by the IPM.

The International Plowing Match and Rural Expo has continued to grow and change as society's needs have changed. However, the foundations of the event including plowing, agriculture and food have never wavered and in fact have strengthened.

As fewer and fewer families had a direct connection to farms and food production and as towns and cities grew, the IPM accepted the challenge of educating our young people. Today, the Education Centre attracts an average of 10,000 students from throughout the area. The Education Committee co-ordinates displays and programming that are in harmony with the Ontario Schools curriculum. Taking the classroom to the IPM has proven to be invaluable learning for these future consumers. We know that their understanding of food production is crucial.

For over 50 years, the Queen of the Furrow competition has produced some of Canada's most effective ambassadors for agriculture and food. These young women, whose hearts are in agriculture, are proud to not only promote plowing, the International Plowing Match and Rural Expo and the Ontario Plowmen's Association, but agriculture and agri-business. In return, all participants in the Queen of the Furrow competition will tell you that this is a career-building experience that can never be found in a classroom.

As the event continues to grow, we are so very proud to recognize the partnerships developed with leading businesses at the local, provincial and national levels. We share a belief in the future of agriculture and rural living and know that by working together, there is nothing we cannot achieve.

100 Years Strong continued . . .

Our exhibitors are the very best. With such a wide variety of products and services, we are now able to offer something for everyone. Agriculture, rural living and everything in between may be found at "The Match". We are honoured to have so many repeat, long-term exhibitors. You are a part of our family!

Our thanks to all levels of government who have been working co-operatively with us for the last 100 years and we know that you share our future with excitement and commitment. To our knowledge, the International Plowing Match and Rural Expo is the only event in the Province of Ontario where the Legislature is adjourned for the day in order for all MPPs to attend this important event.

Thousands of volunteers have made this event happen over the past 100 years. Whether a member of a County Plowmen's Association, a member of the Ontario Plowmen's Association or a member of a Local IPM Organizing Committee, ALL who have given unselfishly of their time and talents. They have invested their heart into making this event a success for their community and for agriculture.

Together, the Local Organizing Committees and the Ontario Plowmen's Association have left Millions of Dollars in the local communities as a lasting legacy of these events. Many charities and especially hospitals have benefited from the financial success of "The Match". But perhaps more important than the financial rewards is the "Leadership Legacy" that is developed in the host communities during the three plus years of planning — and remains long after the event has moved on to the next community.

The plans are developing quickly for upcoming IPMs and we invite you to join us:	
2014	Simcoe County, Ivey, Ontario
2015	Stormont, Dundas and Glengarry, Finch, Ontario
2016	Wellington County, Palmerston, Ontario
2017	Huron County, Walton, Ontario

The Ontario Plowmen's Association will continue to vigorously plan for the future so that not only will you be able to share the International Plowing Match and Rural Expo with your grandchildren but your grandchildren will be able to share the International Plowing Match and Rural Expo with their grandchildren. It's a part of life in Ontario.

And here we are 100 years later — we've come a long way. Today, the Ontario Plowmen's Association has an all-female staff. A group of forward-thinking, dedicated and determined women are continuing the goals and visions of the Association founders. We think they would be proud!!!

Ontario Plowmen's Association Board of Directors

- | | |
|-------------------------------------|---------------|
| President - Robert MacLean | Steve Corbett |

Come Celebrate With Us!

As we celebrate the 100 Anniversary of the first Plowing Match the Ontario Plowmen's Association (OPA) and the 2013 International Plowing Match and Rural Expo (IPM) would like to gratefully acknowledge the funding provided by the Ontario Government. The Ontario Government Celebrate Grant has helped to make happen a number of exciting new features at the 2013 IPM.

Canadian Forces Snowbirds

With over a 40-year history in Canada the Canadian Forces Snowbirds' shows thrill audiences across the country every year. The team will perform 3 shows at the Plowing Match and Rural Expo. Visitors will be awed by the Snowbird's 30-minute show. The Snowbirds will feature more than 50 different formations and manoeuvres. The show includes thrilling solo passes, graceful nine-plane formations and exciting rolls and loops and smoke displays. This iconic Canadian Forces display is choreographed to music and the Snowbirds' announcer introduces the audience to the pilots, as well as the formations being performed.

These talented aviators take to the Perth skies Thursday, Friday and Saturday at 12:15.

Whether you have seen the Canadian Forces Snowbirds show many times or this is your first show, take time to enjoy the show; it is sure to impress and entertain you. Don't miss the Canadian Forces Snowbirds at the 2013 International Plowing Match and Rural Expo.

George Canyon plays the IPM

The 2013 International Plowing Match and Rural Expo is thrilled to be host the acclaimed Canadian Icon musician, George Canyon on the CKNX Main Stage! Saturday the 21st is a day packed with exciting activities at the IPM and the George Canyon concert is sure to be one of the day's highlights.

George Canyon worked very hard to build his music career – at one time working 3 days jobs and singing at night. His hard work has paid off! He is a country music fan favourite and a very decorated artist. Canyon has recorded nine albums. The albums have earned him numerous music awards and multiple Junos Awards – including the 2013 Fans Choice of the Year and Song of the Year, "These Hands" - George Canyon has become a favourite of country fans around the world.

A proud Canadian, Canyon is also well known and noted for his philanthropic work and received the Canadian Country Music Awards "Humanitarian of the Year Award". He also holds an appointment in the Canadian Forces as the Colonel Commander of the Royal Canadian Cadets.

Don't miss fan favourite George Canyon as he performs his hit songs Saturday from 2:30-4pm on CKNX Main Stage.

Relax and Let Us Entertain You

Another new and exciting feature added to this year's International Plowing Match and Rural Expo is Buskers shows and Rest Areas throughout the Tented City. As visitors enjoy the wares offered by over 500 vendors within Tented City they will find areas designed for a rest as they enjoy the site. The rest stops will feature information about the Match and hand made benches that will provide a nice break. While you rest your legs, local buskers will entertain you.

The buskers will wander the crowds in Tented City. Focusing on areas close to the rest areas – they will encourage visitors to join them at the rest area for a show. Visitors will love the variety provided by our local buskers; with a variety of music including celtic and country music to clowns on stilts there will be something for everyone. And the kids are sure to love the Pedal tractor pull contests the buskers have planned.

Watch for the new rest areas and the buskers as you enjoy the sights and sounds of Tented City. Then join us, relax and enjoy our talented local buskers.

Come Celebrate With Us continued . .

Special Guests

The Ontario Provincial Police Golden Helmets Motorcycle Precision Team is being welcomed to the 2013 IPM. The Golden Helmets will perform at the Mitchell Street Party and perform in the Open Parade. The Golden Helmets were formed in 1963 and have delighted audiences ever since with their Harley Davidson motorcycle precision driving show.

Lloyd Robertson will serve as grand Marshall the Open Parade. Stratford native, Robertson began his decorated career on radio in 1952 and in his 60+ year he has become a household name and a face that Canadians across the country have welcomed into their home for his nightly newscasts.

Bringing History Alive

The 2013 International Plowing Match & Rural Expo marks the 100th anniversary of the very first Match in 1913. To celebrate this milestone, the Ontario Plowmen's Association is adding a special tent to the 2013 IPM. This tent will feature the displays of previous IPMs hosted by Counties and Regions from across Ontario. Each display will tell the story of the Matches held in that area. Through the displays and background the OPA provides as a backdrop, this tent will bring the history of plowing and the OPA Plowing Matches to life.

The tent will also exhibit many special items from the past including:

- 1st award presented to a plowman – Charles W. Clubine 1913

Championship Class

- Trophy – 1918 Col. Harry Cockshutt, President Cockshutt Plow Co Ltd
- Trophy – 1925 Cockshutt Plow Co Ltd
- 1939 Tea Service presented to Ivan Taylor @ Brockville

The Bringing History Alive tent will feature a silent video of images of past IPMs and historic plowing pictures to highlight days gone by. On Thursday and Friday presentations will be made about the history on plowing and the early years of the IPM. These presentations will give visitors a feel for the Matches of the past.

The tent is set up with the highways across

the Ontario. As you tour the tent you will see

Ambassador Bridge on the West and the Parliament Buildings in the east – and so much in between. Don't miss this wonderful new tent – and join us in Bringing History Alive.

Come Celebrate with Us!

Working together to provide an electrifying experience

Ontario communities depend on Hydro One to deliver safe, reliable electricity.

The International Plowing Match is no different. Our sponsorship of the IPM not only includes the electricity that keeps lemonade cold and the lights shining bright, but we also build the on site electricity system from the ground up.

In the weeks before the IPM, a team of Hydro One's apprentices – under the watchful eye of their mentors and teachers – designs and builds the temporary electricity system that supports all the fun of the IPM.

Our sponsorship not only gives young workers a chance to show off their skills, it teaches them that giving to the community is a part of life at Hydro One.
