WELCOME TO THE 2015 INTERNATIONAL PLOWING MATCH AND RURAL EXPO

BIENVENUE AU CONCOURS INTERNATIONAL DE LABOUR ET
EXPOSITION RURALE 2015

CHARLES LEDUC, PRESIDENT, ONTARIO PLOWMEN'S
ASSOCIATION

It's my great pleasure, as President of the Ontario Plowmen's Association, to extend an invitation to everyone

in eastern Ontario and surrounding communities to attend the 2015 International Plowing Match and Rural Expo (IPM) being held in the United Counties of Stormont, Dundas and Glengarry (SDG), in the town of Finch from September 22 to 26, 2015.

C'est avec un grand plaisir que je lance une invitation à tous les gens à venir visiter le site du Concours international de labour et exposition rurale 2015 (CIL) qui se tiendra à Finch dans les comtés unis de Stormont, Dundas et Glengarry du 22 au 26 septembre 2015.

This year marks the 50th anniversary of the Canada flag – let's be proud of our heritage. De plus, nous sommes fiers de célébrer le 40e anniversaire du drapeau francophone de l'Ontario le vendredi 25 septembre. Soyons fiers de notre héritage!

The Ontario Plowmen's Association and the local organizing committees have

partnered to present the largest outdoor exhibition of its kind in Canada.

Visitors will find there is something for everyone. This year's event will have daily plowing competitions, quilt and craft shows, educational programs, antique displays, and numerous outdoor shows and activities that will indeed attract all visitors.

Mark your calendar and join us – Finch is the place to be this September.

Marquez votre calendrier et joignez nous – Finch est l'endroit à être ce septembre.

I would like to extend a heartfelt thank you to all our corporate sponsors for their commitment and support.

I would also like to thank the 2015 Executive Committee and all the volunteers for their dedication and hard work. Their involvement and contribution will make the International Plowing Match 2015 an incredible and successful event.

Link to the past – Look to the future (Lien au passé – Regard sur le futur)

**Charles Leduc, President
Ontario Plowmen's Association**

Jim Brownell, Chairman, 2015 International Plowing Match & Rural Expo

As chair of the 2015 International Plowing Match and Rural Expo (IPM), it is my honour and privilege to welcome you to this year's IPM. I join the Board of Directors,

the Chairs of the various committees, and volunteers, in rolling out the red carpet and welcoming you to eastern Ontario, "Where Ontario Began".

This year, we are celebrating our "Link to the Past, Look to the Future", in the historic heartland of North Stormont Township, at Finch. We are, indeed, proud of the agricultural roots of our forefathers, whether the aboriginal community of Akwesasne, the Loyalist who settled in Cornwall and the United Counties in 1784, the Francophones who arrived in large numbers throughout Cornwall and the Counties, or our more modern pioneers, the Dutch and Swiss farmers who have made our region their home. The descendants of our forefathers look to the future with spirit and determination, and, today, extend a warm and sincere welcome to you.

For a few years now, a great team of community leaders, farmers, and friends,

has worked together, with diligence and pride, to make this year's IPM a memorable event for visitors, exhibitors, and entertainers. They have worked in close partnership with volunteers from previous IPMs, and with outstanding support from the Ontario Plowmen's Association's executive and staff. To all those who guided and supported the volunteers of this year's IPM, I say "Thank You", from all of us.

The success of this year's IPM has been built on the generous financial and in-kind support of our many sponsors. This support, combined with the countless hours of volunteer time by our board, committee members and volunteers, has helped our team to bring this great agricultural show to Stormont, Dundas and Glengarry, for the third time in 102 years.

As chair, it has been my honour and privilege to serve in the capacity, and I am, indeed, proud to be part of the 2015 International Plowing Match and Rural Expo team. Our "Link to the Past, Look to the Future" slogan has been our guide, and we hope it will guide you to an enjoyable and rewarding experience at the 2015 International Plowing Match and Rural Expo.

Jim Brownell
Chairman

DESTINATION
SDG

Stormont, Dundas and Glengarry
IS THE LIFE FOR ME

Message from the Prime Minister

I am pleased to extend my warmest greetings to everyone attending the 2015 International Plowing Match and Rural Expo (IPM), hosted by the Ontario Plowmen's Association and the United Counties of Stormont, Dundas and Glengarry, near the town of Finch.

The International Plowing Match and Rural Expo has been a popular fall event in Ontario for more than a century. It continues to thrive as a forum that allows all Canadians to gain insight into rural lifestyles and the importance of agriculture to our way of life. Over the years, it has evolved from a friendly competition that gave farmers an opportunity to display their expertise in handling a plow and a team of horses into one of the largest outdoor farm shows in Canada.

I would like to commend the Ontario Plowmen's Association and many volunteers for working together to ensure that IPM remains relevant and exciting to new generations. With traditional activities that appeal to the whole family and some fresh features, this year's edition is sure to be a resounding success.

On behalf of the Government of Canada, I offer my best wishes for a most enjoyable and memorable experience.

The Rt. Hon. Stephen Harper, P.C., M.P.

A personal message from the Premier

On behalf of the Government of Ontario, I am pleased to extend warm greetings to everyone attending the 2015 International Plowing Match and Rural Expo.

This event is a celebration of our beautiful province's rural and agricultural splendours. Our government values the agri-food sector for its contributions to building up Ontario and remains committed to keeping rural communities economically successful.

It is my pleasure to commend the Ontario Plowmen's Association for ensuring the continued success of this annual event. I want to also wish all the competitors the very best of luck as you prepare to compete in the matches and competitions.

Please accept my best wishes for what promises to be a wonderful showcase of Ontario's rural and agricultural excellence.

A handwritten signature in black ink that reads "Kathleen Wynne". The signature is fluid and cursive, written in a professional but personal style.

Link to the past, Look to the future

Even though we're proud to have served Ontario Farmers for more than 8 generations, we're not stuck in the past.

In fact, the 40+ independent insurance companies that make up Ontario Mutuals are leading the pack when it comes to home, farm and auto insurance. That's because we live and work alongside our policyholders. We know the area, we know the risks and we know what people need to be protected. We're deeply rooted in the community.

Call a local mutual insurance company today, or visit www.ontariomutuals.com to learn more.

Visit our tent at **Mutual Avenue and Third Street** and discover more about the mutual insurance difference!

Presenting partners and sponsors of the IPM

Exciting Features for 2015

Up for Auction

Fast-talking auctioneers have long fascinated crowds. With that in mind the 2015 IPM have challenged auctioneers to bring their talents to the Match. The rapid and rhythmic cadence of bid calling is a deeply engrained agricultural tradition and distinctive to the North American profession, says local auctioneer and IPM volunteer Flora Dumouchel.

Don't miss the highlight of the competition the auction of a fully restored **1948 Ford Tractor**. The students at North Dundas District High School completed the restoration of the 1948 Ford 8N tractor this past spring. Transportation technology instructor, Andrew Whitton joined forces with David Brown a local businessman, SDG 2015 IPM Chair of the Related Events Committee and vintage tractor collector to spearhead the project.

The Ultimate Triple Threat

Glengarry-raised fiddler, **Kelli Trottier** will perform on the Grenville Mutual Insurance Main Stage on Friday September 25th. Trottier has been sharing the rich, Celtic culture of Glengarry County with audiences around the world with her crisp fiddling, sweet vocals and fiery step dancing. Her blend of French and Scottish fiddle has won her three nominations for Fiddle Player of

the Year by the Canadian Country Music Association.

The Ground will be Pounding

The 2015 IPM is thrilled to present a new twist to the Demolition Derby with a **Combine Demolition Derby**. See some of Agriculture's giants take each other on in a daring display. Old combines find new life in this exciting sport that pits these huge machines against one another in a test skill and stamina.

Coming Home

Country music entertainer and recording artist **Greg Hanna** is coming home for the IPM. Stormont-born Hanna says "I plowed many acres of land on the Hanna Farm back in my teens." Hanna was raised on a dairy farm near Finch and now works and lives in Nashville, Tennessee. The self-described proud Stormont County boy, Hanna says it's an honour to be booked to the Grenville Mutual Insurance

Main Stage on Saturday September 26th. Hanna is so enthusiastic about the IPM that he's arriving a few days early so he can help out and be part of the event. "There is no better feeling than coming home!" he says.

The Finest in Horsemanship

Parell Natural Horse-Man-Ship with Farrah Green and her performing horses Caesar, Wesley and Diego. Featuring the Spirits in Unity Team from **Drogheda Manor** Horsemanship Education Centre, Lunenburg, ON. Topics for the daily performance will be posted at the site. The Daily shows run every hour on the hour beginning at 10AM with the last show at 3PM.

Understanding Local Foods

Local, farm-fresh foods continue to grow in importance to today's consumer. In the **Farm to Fork Tent** local farmers will exhibit their produce and present educational talks throughout the day explaining their farms, products and their production processes.

Also explore displays illustrating foods path from the field through the processing procedures, to the farmers' market or grocery stores. The food demonstrations by local chefs will illustrate the final steps that take the food to your plate.

Tailgate Talks

One of the highlights in the **Farming for the Future Tent** will be the daily "Tailgate Talks". Experts in the field from groups such as OFA, BMO and Soil & Crop will present information and insights to our visitors. Topics will include: How Cap & Trade Affects Farmers, Succession Planning for all Generations and Farming in the Social Media Spotlight.

The United Nations has declared 2015 to be the "Year of Soil" and Farming for the Future will be highlighting the stewardship of soil through our model scale "Enviro- Farm".

Come and See "Where Ontario Began"

The historical beginning of the groups first settling SD&G and their stories come alive in the **History & Heritage Tent**. Explore the history of Mohawk Community of Akwesasne, the United Empire Loyalists, the Scottish Emigration, the Battle of Crysler's Farm, the British Home Children, the Lost Villages, Swissabroad and many more – their lives

and traditions are showcased through demonstrations, artifacts and stories.

Join the celebrations on Friday, September 25th to commemorate Franco-Ontarian Day, the 40th anniversary of the Franco-Ontarian flag and the 400th anniversary of French presence in Ontario. To celebrate francophonie, participate in the noise parade at 10:15am and enjoy the flag raising ceremony at 11am at the History & Heritage Tent.

THE 100th ANNIVERSARY OF 4-H ONTARIO

By Julie Ellis

This year marks a significant milestone in our province's history – the 100th anniversary of 4-H in Ontario. For any organization to survive 100 years is remarkable, and by adapting and thriving over the past century, 4-H in Ontario has proven that there are many more years to come.

“Knowing that for 100 years - the lives of youth across Canada and Ontario have been bettered by 4-H is a wonderful thing,” said Bruce Sargent, founder of Farm Boy Productions. “What started as a family tradition for me and my siblings, because our parents and grandparents did it - turned into a significant positive influence on my life and the lives of many - that still affects me now - two years after graduating from the 4-H program.”

To mark this special occasion, 4-H Ontario has planned a year full of celebrating and commemorating the past and future of their organization. This includes a Gala dinner in conjunction with the 2015 International Plowing Match & Rural Expo.

100
YEARS
1915-2015

Other events planned include a 4-H day at Canada's Wonderland, a commemorative calendar, a historical publication and many more local and regional celebrations.

4-H is a global organization with clubs in over 50 countries around the world based on the principle of leaders building leaders. The first 4-H club came to Canada in 1913, and Stanley Knapp in Waterloo County established the first 4-H Club in Ontario in 1915.

In Ontario, 4-H clubs consist of youth aged 9-21 and are organized by community volunteers. 4-H provides the necessary life-skills and real world experience to help young people become capable and caring citizens.

The 4-H pledge, said before every meeting, reminds members to live a balanced lifestyle and be a good community member.

Members of 4-H receive hands-on programming and events in a large variety of areas whether youth enjoy working

with animals, arts and crafts, or sports and recreation, there is programming to spark their interest. The principle of “learning by doing” is key to the success of 4-H in Ontario, and youth will have the opportunity to develop their technical skills while learning through hands-on activities.

“In the fast paced world that we live in, agricultural youth programs play a crucial role in helping to sustain the agricultural industry through awareness and educational campaigns,” said Courtney Connors, 2011 Queen of the Furrow. “The 100th anniversary of 4-H in Ontario is an occasion to celebrate the profound impact that these programs have had on youth, the community and local economies for the past 100 years as we look forward to a bright future.”

While the four H’s still stand for the same thing they have always stood for – head, heart, hands and health – the organization has transformed over the last 100 years and is now about a lot more than crops and livestock. The club offers youth a variety of opportunities and experiences which intend to equip them with the skills necessary to become leaders in our community.

Despite the age of the organization, 4-H remains as popular today as it was back in its earliest years and still exists as one of the foremost leadership programs for youth.

4-H not only helps youth learn the life skills they need to be the leaders of tomorrow, but it is also teaching its members that they can be community leaders today.

Kverneland

Kverneland PW Plough !

“Three-in-one” concept - three ploughs in one !

This unique design gives you the flexibility to choose the right combination of plough to suit any soil conditions.

In a few minutes, the rear plough can be uncoupled and ready for use.

Look at some of the features of the PW Plough:

- High output in all soil conditions;
- “Non-stop, Auto-Reset system” perfect in rocky conditions;
- “Vari-Width® system” for effective output and lower fuel consumption;
- Low and simple maintenance;
- Available in 7 to 12 bottoms.

Stormont, Dundas and Glengarry: Now & Then

By Nichelle Steenbeek

Every year, hosting the International Plowing Match and Rural Expo (IPM) gives a community in rural Ontario the chance to showcase their agricultural heritage. The year 2015 marks the third time that the International Plowing Match and Rural Expo is being held in the United Counties of Stormont, Dundas and Glengarry. Previous Matches were held in 1936 and 1958.

2015 chairman Jim Brownell explains how important the motto, “Link to the Past, Look to the Future” will be at this year’s Match. “We are doing a lot to profile the evolution of farming, from First Nations to Scottish Settlers to more recent developments in agriculture. The focus will be on how technology has evolved and is improving farm operations.” The area is rich in agricultural history, including being known for having developed the

first McIntosh apple in Dundas County, and bringing the first Holstein Friesian to Canada from New York. The Mohawk Nation of Akwesasne will also have a role in the Match, for as Brownell explains, “When we think of agricultural heritage and growing crops in our area, they were the first.”

Though the United Counties of Stormont, Dundas and Glengarry are entirely rural in nature, they are located between the urban centres of Ottawa and Montreal. Brownell is hoping this will draw a lot of visitors to the area this year. “The land in this area is nice and flat and a great spot for a Plowing Match. We want to show the rest of Ontario that good farmland doesn’t just exist west of Toronto.”

Though the previous Match was held nearly sixty years ago, many local residents still talk about it. Earlier in July 1958 a major flood occurred that devastated five villages in the area. The community was still reeling from this event later when the Plowing Match was held. Brownell also explains that the rubber tractor tire was just becoming popular at that time. In comparison, this year’s displays will focus on such things as sustainability, genetics and GPS technology. “So much progress has happened in agriculture since then. Combines can now do in an hour what probably took a day back then. It’s amazing to see how far we have come, but it is also important to look at where we have been. The size and scale of the event has certainly changed, but plowing remains a central theme at the IPM.”

Link to the past...Look to the future

FLYING THE FLAGS

By Julie Ellis

It symbolizes the ideals and history of the community it represents.

This year at the International Plowing Match and Rural Expo (IPM) we are taking time to honour the anniversaries of two very important flags.

In 1965, the national flag of Canada, as we know it today, came into being. The Prime Minister at that time, the Right Honourable Lester B. Pearson, wanted a distinctive Canadian flag that would promote national unity.

Today, the red and white flag with the

single red maple leaf in the centre, has become just that - a recognizable symbol of our nation.

This year's IPM Parade Marshall will be Joan O'Malley, who sewed Canada's first Maple Leaf Flag, 50 years ago. "The 2015 International Plowing Match and Rural Expo is thrilled to have Joan O'Malley serve as the Parade Marshall this year," said Judy Neville, History & Heritage Tent Chair of the 2015 IPM. "Joan played a significant role in the creation of the Canadian flag as we know it today, and we are looking forward to celebrating her place in history and our beautiful Canada Flag on its 50th Anniversary.

This year also marks 40 years since the adoption of the Franco-Ontarian flag.

The Franco-Ontarian flag is divided into two halves. On the left half is the fleur-de-llys, a nation-wide Francophone symbol. On the other half is the trillium, the provincial flower of Ontario. The green colour of the flag represents summer,

www.facebook.com/paullanthiersales • plsales@inbox.com

while the white colour represents winter. Together they represent the diversity of Ontario's climate.

The flag was created by Gaëtan Gervais, a historian, and Michel Dupuis, a student, at Laurentian University; it was raised for the first time at Sudbury University on September 25th 1975.

Soon after its creation, the Franco-Ontarian flag became a strong symbol of Franco-Ontarian identity. Today, you can find the Franco-Ontarian flag flying at schools, town halls, events and festivals across the province. Also, there are fifteen huge Franco-Ontarian flags flying at the Monuments de la francophonie. Most of them are in Eastern Ontario (Ottawa, Rockland, Casselman, L'Orignal, Hawkesbury, Cornwall) and two are in Sudbury.

"The Franco-Ontarians from Eastern Ontario are thrilled to celebrate on that day of the 40th anniversary of the Franco-Ontarian flag. They are particularly pleased to do that celebration at the History & Heritage Tent of the 2015 International Plowing Match and Rural Expo", says François Bazinet, coordinator of the Franco-Ontarian Day celebration at the 2015 IPM and Rural Expo. "This flag raising meets the objective of the Assemblée de la francophonie de l'Ontario which is to raise, at 11 a.m., 400 Franco-Ontarian flags in the province on this Franco-Ontarian day on September 25th."

Flying a flag is a sign of pride and patriotism. At this year's Match, we will not only be flying our flags high, we will also be celebrating these two significant anniversaries and remembering the history of these important symbols.

NEW LISTING

Chesterville; Very nice ongoing dairy farm with newer buildings (2007) good cattle on 108 acres of prime land. 68 tie stalls, box stalls, 2x Harvestore silo's, 1 slab silo. 200 tones in-bin dryer, coverall and machine shed. Call for more details.

Cash-crop land; Perth; 100 acre farm with 40 acres in hay and 60 acres of hardwood bush river on the back and walking trail. Award winning Garlic farm. Also log- building with pottery studio and store. 5 min. from Perth.

Brockville; 292 acres total, with 165 workable in 2 blocks. Close to 401.

Cobden; 100 acre beef/hobby farm with 84 tillable. Creek running through, clay-loam soil. Good farm house, and older barn and buildings. Just south of HWY # 17.

Needed; Dairy Farms and Cash Crop land for local clients. Call me if you are thinking about selling, and let's talk strategies that work for both parties.

Hosting IPM a 'Once in a Lifetime Opportunity'

By Nichele Steenbeek

The host family (l. to r. Armin, Monica, Lucas, Fabienne and Eric Kagi)

A 'once in a lifetime opportunity'. That's how the Kagi family is referring to the chance to host this year's International Plowing Match and Rural Expo (IPM). Our hosts for this year are Armin and Monica Kagi, who operate a dairy farm near Finch, Ontario. Says Monica, "When we were approached four years ago about whether or not we would like to host the Match on our farm, we jumped at the chance. We remembered hearing from older people how proud they were to host

the 1958 Match in our area, and we were honoured to be asked to be a part of this."

However, hosting has not come without its challenges. The Kagi family are dairy farmers, which means that changes to the crop rotation have been necessitated as a result of hosting. For example, the amount of cereals planted has doubled to accommodate the plowing and parking. Of the family's 900 acres, 100 will be used for the tented city and 120 acres will be used for

The Official Show Guide for the 2015 International Plowing Match and Rural Expo is published by Better Farming Magazine, in partnership with the Ontario Plowmen's Association. This Show Guide is regionally circulated by mail to rural addresses, and is exclusively distributed at the 2015 International Plowing Match and Rural Expo. All editorial content of this publication has been approved by the Ontario Plowmen's Association.

The Kagi Dairy Farm

plowing and parking. There is also a lot of cleaning and organization to be done, and amidst all the preparation there are still 50 purebred Holsteins to be milked and cared for. Though the Kagi's have always enjoyed attending Plowing Matches, they are especially looking forward to seeing more

and planning of the Match. Brothers Stephen and Leonard farm 608 acres of land in corn, soybeans, grains and a bit of hay. Part of their land will be used for the RV Park, as well as the buildings and sheds on their property that are so crucial for Match functions. Stephen is also heading the sponsorship committee and says "It has been incredible to watch how everything has come together. The nicest thing about this Match is how it has brought the three counties (Stormont, Dundas and Glengarry) together." Stephen has fond memories of the 1958 Match as a boy; in fact that Match was hosted on part of his uncle's property. For many farm families, the opportunity to host the International Plowing Match and Rural Expo continues a tradition of excellence in rural Ontario.

Stephen O'Donohue in his refurbished single horse 1905 Phaeton buggy.

than just the end product. "When you are a dairy farmer, you don't get out much. You might go through a Match but you really don't get to see everything. We are really looking forward to enjoying things from start to finish, such as the special events and horse plowing and all that the Match has to offer."

Likewise, for trailer park landowners Stephen and Leonard O'Donohue, the 2015 IPM is an opportunity to go behind the scenes and be a part of the organization

“New Rubber!”

By Pierre Roy

Purchased in 1936 for \$1,408

“August 1, 1936. Grand day! Wilfrid and Bob made a deal for a new tractor with rubber tires.” That was the entry in the journal kept by Daphne MacDonald, wife of Wilfrid MacDonald. The purchase of a rubber tired McCormick-Deering Tractor Model W-30 was made with the local dealer in Williamstown, Bob “The Widow” McDonald, at a cost of \$1,408. It was said to be the first rubber tired tractor in Eastern Ontario which most definitely made it a novelty in 1936 as most tractors at that time were on steel wheels. The tractor must have saved some valuable time as Wilfrid took up custom work filling

silos and thrashing crops for neighbors as a means to pay for the new acquisition.

Later that year Wilfrid drove the tractor in the International Plowing Match, held at the farm of D.L. MacLennan on South Branch Road north of Cornwall. According to the Standard Freeholder (a paper published twice weekly that could be purchased for 3 cents), Wilfrid won \$10 for his 4th place finish in Class 16 on October 8, 1936.

Wilfrid’s son Coleman remembers spending many hours working the land

1936 McCormick-Deering W-30

on Lansingdale Farms. He remembers the back tires being filled with calcium to give the back end more weight. Or how it took driving from home to Williamstown for the transmission oil to warm up so the tractor worked at its best. And he remembers the simplicity of the machine – how the parts were readily available and easy to replace.

The tractor is the same shape as today's tractors but probably wouldn't pass a safety check. It has a crank starter and a lever to apply the brakes, and there are no lights, no speedometer, no hydraulics and no GPS system. It was a 'no frills' tractor with modern rubber tires. Amazingly, Coleman still has the original purchase order and owner's manual.

In the past number of years, several family members encouraged Coleman to have the

tractor refurbished. It took his neighbor, Francis Chretien, to finally convince him to get it done and also the help of his friend Joe Dupuis to locate and order some of the parts.

During the winter of 2014/15, the tractor was taken apart, sand blasted, repaired, reassembled and painted. The work was completed by Carl's Auto Body Shop in Apple Hill, Ontario and Coleman and Francis made regular visits to mark the progress and lend a hand where they could.

At the end of June 2015, Coleman drove the tractor down Loyalist Road after taking it out for a test drive. He looked like a kid with a new toy with a smile on his face. I'm sure he was remembering all the hours spent in the fields on Loyalist Road with his 1936 McCormick-Deering W-30.

Over 38 Years Experience

A Message from the Honourable Jeff Leal

It is an honour to welcome you to the 2015 International Plowing Match (IPM) & Rural Expo. The IPM celebrates Ontario's rich agricultural roots, showcases the best of agriculture and rural communities, and provides a glimpse into the future of our agri-food sector.

I applaud the hard work and dedication of the organizing committee, the many volunteers, the people of Finch, and the United Counties of Stormont, Dundas and Glengarry in preparing for this event. This is an opportunity to share your stories with the world — from local farmers sharing memories of using horse-drawn walking plows to the Queen of the Furrow's valuable work as ambassador for agriculture and the host region.

The Ontario Ministry of Agriculture, Food

and Rural Affairs has been a proud IPM participant for decades and looks forward to hosting a pavilion at the show.

I invite you to visit the Ontario pavillion where ministry staff will be on hand to answer your questions and share information about the many programs, services and resources we offer.

I wish you all the very best for an enjoyable outing!

Sincerely,

Jeff Leal
Minister of Agriculture, Food and Rural Affairs

Foodland
ONTARIO

Message From The Warden

It is a privilege to welcome you to the 2015 International Plowing Match & Rural Expo. Hundreds of volunteers and service club organizations have been working tirelessly for many months to bring together this once-in-a-generation event to our community. This event provides a wonderful opportunity to showcase our region and celebrate how truly fortunate we are to live in such a vibrant rural community.

We hope you enjoy your time here and we encourage you to extend your visit to see all that we have to offer. And as always, you are welcome back anytime to experience more SDG hospitality!

Best regards,

Eric Duncan
Warden, United Counties of Stormont, Dundas and Glengarry

Greetings from the Honourable Minister of Tourism, Culture and Sport

On behalf of the Government of Ontario, welcome everyone to the 2015 International Plowing Match and Rural Expo in North Stormont.

Counties of Stormont, Dundas and Glengarry and all of the organizers and volunteers who have demonstrated their commitment to agricultural tourism in Ontario.

Best wishes for an enjoyable exhibition.
Sincerely,

Michael Coteau
Minister of Tourism, Culture and Sport

This annual celebration of Ontario's agricultural heritage inspires a strong sense of history and pride in our rural communities. The Government of Ontario is pleased to support this wonderful rural exhibition.

Congratulations to the Ontario Plowmen's Association, the Village of Finch, North Stormont Township, and the United

A Message from the Mayor

It gives me great pleasure to welcome everyone to Finch, in the Township of North Stormont for the 2015 International Plowing Match and Rural Expo (IPM).

Our communities have rallied together to provide what we think will be the best Plowing Match ever. Volunteers have put in countless hours to make your experience at the Match one you will remember for a long time. The last time the IPM was held in this township was

1958; we have come a long way since then! Take the time to explore this beautiful part of Eastern Ontario while you are here. The United Counties of Stormont, Dundas and Glengarry are rich in history and we hope you will come back again to visit us. Enjoy your time here in North Stormont.

Dennis Fife
Mayor, Township of North Stormont

Message From The Queen Of The Furrow

Welcome to the 2015 International Plowing Match & Rural Expo! (IPM)

I am the 2014-2015 Ontario Queen of the Furrow and I reside in beautiful Simcoe County, but my second home this year has been the equally beautiful United Counties of Stormont, Dundas and Glengarry! On behalf of the Ontario Plowman's Association and the 2015 International Plowing Match and Rural Expo, Welcome, and I hope you enjoy your time at the Match.

There is a lot to see throughout the Match, so I hope you have planned for the whole day!

Be sure to take a walk out to the plow fields and check out the plowing (both tractor and horse), see the handcrafted quilts in the quilting tent, and expand your knowledge on agriculture in the education zone, just to name a few highlights!

I would like to thank all of the volunteers who have put in countless hours over the past 3+ years preparing for this week's event! I have personally seen how devoted and hard working these volunteers are, and without each and everyone this IPM would not be possible!

Enjoy your time here in beautiful Eastern Ontario and at the IPM!

Laura Price

THE BMO ONTARIO FARM FAMILY AWARDS

By Julie Ellis

"The Wert Family of Stormont County accepts their BMO Ontario Farm Family Award at the International Plowing Match in Ivy last year."

Although this is only the fourth year that the BMO Ontario Farm Family Awards have been given out at the

International Plowing Match and Rural Expo (IPM), the awards ceremony has become an integral part of the IPM.

With over 11,000 Farm Members, we're Canada's Farm & Small Business Tax Specialist.

This year will be no different with ten families from across the province being recognized at the BMO Farm Family Awards presentation on the Saturday of the Match. The families will also be hosted at a VIP reception, lunch and family photograph session.

“The ten families being honoured at this year’s match are incredibly diverse in terms of what they farm and their geography,” said Ontario Plowmen’s Association (OPA) President Charles Leduc. “However, they all share something in common, and that is their strong work ethic and community involvement, and those are values that the OPA holds in high regard.”

The selected families were chosen from among over 50 nominated families and were deemed to best display the qualities of a Farm Family. The families being honoured were chosen by a panel of four

distinguished judges. The judges based their decision on criteria including the contributions of the family to the Ontario agriculture sector, the demonstration of progressive agricultural management practices, and versatility and adaptability in management of the farm.

The BMO Ontario Farm Family Awards were created in 2012 by BMO Bank of Montreal and the Ontario Plowmen’s Association as a way of celebrating farm families and recognizing their contribution to the enhancement of quality of life in their agricultural communities. The award also aims to highlight some of the most innovative, creative and unique family-run farms in our province.

“The International Plowing Match and Rural Expo is an exciting way for the farming community to come together and celebrate a rich heritage. BMO is proud to

MALMBERG TRUCK TRAILER EQUIPMENT LTD.

Your Local Truck, Tractor and Equipment Experts serving
North Eastern Ontario and Western Quebec

See us for your Agricultural needs:

- Driveline parts, repairs and custom fabrication
- Hydraulic valves, cylinders, hoists and actuators
- Hydraulic hoses, fittings and custom fabrication

Volunteers: An Invaluable part of the IPM

By Nichele Steenbeek

2015 IPM Parade float

Each year, the International Plowing Match and Rural Expo (IPM) draws an estimated 80,000 people to the 'Tented City' in an otherwise rural area of the

province. All week long vendors, exhibitors and plowmen alike participate in one of the greatest showcases of agricultural progress. This massive undertaking would

TREE PLANTING? FUNDING SUPPORT IS AVAILABLE

If you are planting trees on your property you may be eligible for funding assistance. Planting trees on your property helps fight climate change, increases wild life habitat and water conservation.

Forests Ontario is working with its tree planting partners across the province to deliver the Ontario government's 50 Million Tree Program.

If you have at least 2.5 acres of productive land, you could qualify.

Getting ready for the Match

be impossible without dedicated volunteers who work behind the scenes to ensure the event goes off without a hitch.

Though the 2015 IPM will last only five days, preparations have been taking place for over three years. A committee of zealous individuals has worked tirelessly to plan and organize events that will attract both rural and urban dwellers. 2015 IPM

treasurer Ellen McNaughton emphasizes how important volunteers are to the success of the Match, “Every person has something to contribute.” She explains that all positions are strictly volunteer and members receive no payment for the efforts, save the pride in showcasing their community. “Some of the committee have been planning the Match while working full-time jobs. I don’t know how they

do it; it is definitely challenging at times but it will all pay off in the end.” Tented City Co-Chair Jeff Waldroff is one of the people involved in the planning process with a full-time job. As a dairy farmer, he and his wife Jennifer have devoted a “fair bit of time” between chores to the IPM. They both come from strong plowing

backgrounds and are involved in the local Plowmen’s Association, and are looking forward to having the Match held so close to home. “Everyone in this community works well together. We have so many volunteers and people willing to help out; it has really been great to meet people that we otherwise would not have.”

Likewise, volunteer coordinator Bill McGimpsey explains that it is impossible to calculate the value of volunteers. “For example, if one person volunteers 10 hours a week for three years, that is over 1,500 hours. When you multiply that times the number of volunteers required to run a Match, you are talking hundreds of thousands, if not millions, of dollars that are saved through the efforts of volunteers.” He says that organizing a Plowing Match is different

than other community events, as it is often the first time such an event is held without a pre-existing volunteer base, in comparison to other annual events that have existing volunteer lists to draw upon.

Volunteers are required for a multitude of different roles, varying from tractor drivers to steppers and greeters. Says McGimpsey, "When people fill out a volunteer application, we try to accommodate them as best we can. There are so many parts of

the Match that people can help out with." McGimpsey's enthusiasm for volunteerism in Stormont, Dundas and Glengarry is evident. "Planning the 2015 IPM has really brought the community together. There has been a tremendous amount of effort put forth by service clubs and other community groups. It just goes to show that volunteers truly are the heartblood of rural Ontario."
